

HTML 5 & CSS 3 TRAINING

DURATION: 30 HOURS

FOR WHOM:

Any individual, student, or professional from any industry can join this course.

The person who wants to Become a Full Stack Web Developer / Designer / Front-end Engineer.

ENTRY REQUIREMENT:

Basic knowledge of computer and the internet.

COURSE OVERVIEW:

At the heart of every website is an HTML script. Hyper Text Markup Language or HTML as it's commonly known is the standard markup language used to create stunning web pages. It is the basic building blocks on which each and every website on the internet is built. Contrary to popular belief or misconceptions

HTML and CSS are in fact very easy to learn even for non-information technology background candidates. For aspiring Web Developers and Designers, HTML is a prerequisite to other important web platforms/languages such as PHP, JavaScript, JQuery, XML, Angular JS, etc.
